NORTH CAROLINA

RESTRICTIONS

COUNTY OF RANDOLPH

KNOWN ALL MEN BY THESE PRESENTS that Billy J. Lawrence and wife, Polly W. Lawrence, Owners and Developers of Deerfield South Subdivisions, and C. R. Evans and wife, Margaret Evans, who have purchased certain lots in Section V of Deerfield South Subdivision, Level Cross Township, Randolph County, North Carolina. The Owners hereby covenant and agree that the property in Deerfield South, Section III, IV, and V shall be restricted to the following restrictions and all other maps or sections developed with Deerfield South shall be restricted by these restrictions and said restrictions shall run with the land and to the heirs and assigns of the Grantees. The restrictions are:

1. **LAND USE AND BUILDING TYPE:** No lot shall be used except for residential, street, and park purposes. No building shall be erected, altered, placed, or permitted to remain on any lot other than one detached single family dwelling not to exceed two and one-half stories in height and a private garage for not more than two cars except that a utility or tool building may be placed on a lot if located at least 20 feet behind the rear of the principal dwelling and if plans and specifications of said building are approved prior to locating thereon by the Developers.

No satellite dish, microwave, short wave, or other exterior antennae of any kind shall be placed on any lot or dwelling thereon without the prior written consent of the Developers. No unlicensed, disabled or junk automobiles or other unsightly apparatus shall be allowed to remain on any lot.

2. **DWELLING SIZE:** No dwelling shall be permitted, costing less than \$25,000.00 based on current building costs and having a ground area of the main structure, exclusive of one-story open porches and garages, of less than 1,250 square feet for a one-story dwelling, nor less than 800 square feet for a dwelling of more than one story, including "split level" dwellings.

3. **BUILDING SETBACK:** No building shall be located on any lot nearer to the front line or nearer to the side street line than the minimum building setback lines shown on the recorded plat. In any event, no building shall be located on any lot nearer than 35 feet to the front line, or nearer than 25 feet to any side street line. No building shall be located nearer than 10 feet to any interior lot line, except that no yard shall be required for a separate garage not attached to the house. For the purpose of this covenant, eaves, steps, and porches and carports shall not be considered as part of a building, provided; however, that this shall not be construed to permit any portion of building on lot to encroach upon another lot. Deviations from building line restrictions not in excess of 10% shall not be construed as a violation of these covenants.

4. **LOT AREA AND WIDTH:** No dwelling shall be erected or placed on any lot having a width at the building line of less than 100 feet nor shall any dwelling be erected or placed on any lot having an area of less than 40,000 square feet, except that this provision shall not prevent a dwelling from being erected on any lot shown on the recorded plat as approved for well and septic tank.

5. **EASEMENTS:** Easements for installation and maintenance of utilities and drainage facilities are reserved as shown on the recorded plat and over the rear ten feet of every lot. Within these easements, no structure, planting or other material shall be placed or permitted to remain which may interfere with the installation and maintenance of utilities, or which may change the direction of flow of drainage channels in the easements or which may obstruct or retard the flow of water through drainage channels in the easements. The easement area of each lot and all improvements in it shall be maintained continuously by the owner of the lot, except for those improvements for which a public authority or utility company is responsible. The Developers reserve the right to create and impose additional easements or rights of way over any unsold lot or lots for street, drainage and utility installation purposes by the recording of appropriate instruments and such shall not be construed to invalidate any of these covenants.

6. **WAIVER OF UNINTENTIONAL VIOLATION:** The Developers may waive any unintentional violation of these restrictive covenants by appropriate instrument in writing provided that if the unintentional violation occurs on any lot which is adjacent to a lot or lots which have been conveyed to a fee simple owner or owners, the consent of such owner or owners shall be obtained to such waiver.

7. **NUISANCES:** No noxious or offensive activity shall be carried on upon any lot, nor shall anything be done thereon which may be or may become an annoyance or nuisance to the neighborhood.

No animals shall be kept on any lot or within any dwelling or other structure thereon except household pets which shall be limited in number to three and all such household pets shall be at all times restrained either within adequate fencing or on a leash and shall not be allowed to roam free.

8. **TEMPORARY STRUCTURES:** No structure of a temporary character, trailer, basement, tent, shack, garage, barn or other outbuilding shall be used on any lot at any time as a residence either temporarily or permanently.

8a. **PLAN APPROVAL:** Grantor hereby retains the right to approve the plans and specifications for any dwelling to be constructed on any lot. Plans and specifications shall be submitted to B. J. Lawrence for his signature acknowledging approval prior to commencement of construction.

9. **TERM:** These covenants are to run with the land and shall be binding on all parties and all persons claiming under them for a period of thirty years from the date of these covenants are recorded, after which time said covenants shall be automatically recorded, agreeing to change said covenants in whole or in part.

10. **ENFORCEMENT:** Enforcement shall be by proceedings at law or in equity against any person or persons violating or attempting to violate any covenant, either to restrain violation or to recover damages.

11. **DRIVEWAYS:** All driveways shall be paved prior to the owners moving on the property.

12. SEVERABILITY: Invalidation of any one of these covenants by judgment or court order shall in no wise affect any of the other provisions which remain in full force and effect.

IN WITNESS WHEREOF, the Developers and C. R. Evans and wife, Margaret Evans have caused these restrictions to be signed by their managing partners this 9th day of May, 1994.
